2- Student monitoring system

- 1 Objective of the practice
- 2 To create an informative association between faculty members and students.
- 3 To provide better guidance and support to the student's needs.

To build overall personality of the student, who can contribute to nation building activities

Faculty members observe the attendance and performance of individual students and suitable measures are taken.

Weak academic performers are advised to participate in extra classes. Students are also encouraged to participate in literary, fine arts, performing arts and sports depending on their interest and talent. Students identified with personal difficulties and low self-esteem guided to the counselling cell of the college. This is ongoing process for the students in her three years (six sem.) duration in college.
